

## **Kamil Kuzma**

Email: [kuzmakamil2@gmail.com](mailto:kuzmakamil2@gmail.com)

Portfolio: [www.kamilkuzma.co.uk](http://www.kamilkuzma.co.uk)

## **Summary**

Collaborative and hard-working programmer with a strong background in games and software development. Experienced in web development and data analysis, with a forward-thinking approach. Skilled in multiple programming languages and frameworks, with a proven track record of delivering projects to completion. Seeking a role that will further develop my technical and team-working skills while exploring new opportunities in data analysis.

## **Education**

BSc Games Programming, SAE  
(September 2019 - August 2021)

A-levels, Kingsmead School Sixth Form  
(September 2017 – June 2019)

Computer Science - A  
Sociology - A  
Mathematics - C

GCSEs, Kingsmead School  
(September 2015 – June 2017)

11 GCSEs, grade A\* - B

## **Experience**

**Game Design Consultant, CTPA**  
**May 2022 - Present**

- Create web games using HTML, JavaScript, and CSS.
- Develop games with a focus on accessibility.
- Portfolio examples can be found on my website.

**Warehouse Analyst Partner, Waitrose**  
**November 2021 - Present**

- Collect and analyse data daily to create management reports.
- Implement projects across multiple customer fulfilment centres (CFC).

- Developed KPI trackers used by managers on multiple sites.
- Designed and implemented a new rota system, now in use across multiple CFCs.

### **Warehouse Assistant, Waitrose**

**July 2020 - November 2021**

- Worked as part of a team to ensure all customer orders were completed on time.
- Became an FCMS system expert, assisting with day-to-day warehouse operations.
- Automated various aspects of warehouse processes using JavaScript and Google Scripts.
- Created KPI trackers to monitor employee performance.

### **Librarian Assistant, Kingsmead School**

**February 2018 - July 2019**

- Assisted students with queries, ensuring a friendly and approachable environment.
- Aided in reorganising the library space and updating the electronic logging system.
- Developed an electronic theatre booking system to replace the outdated paper system.
